Enrique -

"We have been looking to buy our first house for quite some time now. When things came down to finding a good mortgage company, our realtor recommended Doug. We can't stress enough how lucky we were to work with Doug. His caring attitude and ability to troubleshoot and solve problems quickly and efficiently were part of already highly professional services he offers. In less than a month our dream to own our first home came true! We highly recommend Doug's services to anyone looking to purchase a home. He is one of a kind! "
